Countdown to Summer with the Annual Cocktail Party

Proprietor of The Beacon Hotel, Paul Fitzpatrick is well known for always throwing a good party. His now annual Countdown To Summer Cocktail Party is a 'must attend' in the pre-summer calendar. Indeed the event has cemented itself at the first main party of the summer season. This year's party was no different. Paul once again opened the doors of The Beacon Hotel in Sth County Dublin to his friends and regular customers for an evening of entertainment washed down with the Hotel's signature cocktails and some of The Beacon Hotel's amazing Asian Tapas.

Amongst those who attended this year's party were Hugh Hanley , Michelle Heaton, Andrea Roche, Gerry Ryan, Brian Ormond and Pippa O Connor, Model Nadia Forde ,Ireland Ams Noel Cunningham **Derek Mooney and top band of the moment Keywest amongst many others.** This year's Countdown To Summer Party also celebrated the launch of the hotel's 'Easy On A Sunday R&B Evenings'!

From Sunday 26th April The Beacon Hotel will commence its R&B nights, every Sunday evening..."Easy On A Sunday Evening"...sit back & relax to the sounds of R&B". About the party and R&B Sunday evenings Paul says, "We love The Beacon Hotel and are continually looking at new ways to entertain our customers". He continued, "The Beacon Hotel is very personal to us and we want it to be

personal to our customers also, we are very excited about the commencement of our 'Easy On A Sunday R&B Evenings'. We want Sunday evenings at our hotel to become a weekly chill out time for our customers be they residents, neighbours living in the surrounding areas or visitors to the city". Since it opened its doors in The Spring of 2005, The Beacon has become quite simply the definition of a design hotel. Clearly communicated in its clean line design, white interior spaces, magnificent glass chandeliers, Philippe Starke baths and chairs in every bedroom, open spaces, natural elements throughout, especially commissioned art pieces, a four poster design bed in the lobby and maximum use of natural light are just some of the elements that make this hotel so special. In doing so the hotel offers the style, ambiance and pure chill

out factor for the 25+ adult. www.beacon.com
