

Party season heralds start of summer fun

Many of the beautiful people who attended the Sensations TV Now Awards last Saturday night somehow found the stamina to party once again the next night, when Paul and Lisa Fitzpatrick threw a

summer party at the Beacon Hotel to announce the Sunday R'n'B Evenings there, which kick off tomorrow.

Among the crew we spotted Andrea Roche and PJ Mansfield, Michelle Heaton and Hugh Han-

ley, artist Rasher and his wife Gillian, Brian Ormond and Pippa O'Connor, model Nadia Forde, Paul Harrington and his fiancée Karol Sadleir and PR queen Tara O'Connor, who is now taking an extended break from the business.

The start of the Sunday night soirees usually announces the arrival of summer and the boutique hotel even has special offers for pooped party people who want to stay over for the night.
